

UNIFORM FITTING NIGHT INSTRUCTIONS

We are doing everything to make fitting night go as smooth as possible. Remember everybody here is a volunteer and working to support your activity. There are many people to be fitted tonight and we will work as quickly as we can. These instructions are to help you know where to begin and end the process. If you need additional help, find Mrs. Deibel, Mrs. Moore, or Mrs. Holup.

Returning Marchers:

If you have tried on your old uniform and it fits, you have turned in your signed contract, paid your cleaning fee and purchased/ordered all items you need for marching season, you are done and do not need to attend fitting night. However, if you are willing to help us get the new marchers looking good for the season, we would love to have you join us at 5:15.

Otherwise: Arrive promptly at 6pm if you have not yet tried on your uniform or know that it does not fit. GO TO THE CHOIR ROOM FIRST FOR FITTING, to ensure you get the best size for you. Also come at this time if you need to order new Dinkles, purchase new gloves, gig bags, or t-shirts.

New Marchers: Please arrive no earlier than 6:45pm. Start by picking up your signed contract at the band entrance table.

We recommend that you wear a lightweight t-shirt and athletic shorts or leggings for trying on uniforms. Bring socks to try-on Dinkles.

If you want to try on used Dinkles before ordering new ones, stop there before paying your fees.

All new marchers need to purchase a t-shirt (\$5), Dinkles (\$35 or \$10 used), gig bag (\$18), and gloves (\$3, not required for percussion). We recommend purchasing 2 shirts and 2 pairs of gloves if you can so one set is always clean (especially helpful if there is a game Friday night followed by a festival on Saturday).

Pay your fees at the Treasurer's Table. Once paid, you may proceed through the fitting stations as you wish. Pants and jacket fittings will take the longest, so if there is too much congestion in that area please work your way through the other stations until it clears out a bit.

The last step for everyone at Uniform Fitting Night is to return your signed contract to the original entrance table. Please make sure you have collected all of your purchases before you leave (Dinkles will be delivered to students at a practice before the first football game).
